Dear Secretary:

The July 15, 2009 FEC report filed by Leahy for U.S. Senator included an incorrect attribution of a contribution. A \$5000 contribution from Time Warner Cable PAC was reported as a contribution from Time Warner PAC. We have corrected this error and have enclosed the corrected page for the FEC. The change does not change the summary pages filed with the original report.

In addition, this error led to an incorrect attribution of a contribution from Time Warner on the April 15, 2010 report filed by the Leahy for U.S. Senator. Time Warner's \$1000 contribution was incorrectly attributed to the General when it should have been attributed to the Primary. We have corrected this error and included a corrected cover page.

We apologize for these mistakes. Please contact us if you have any questions.

Sincerely,

Carolyn Dwyer
Leahy for U.S. Senator
